Why is “new”?

A graphic featuring four hands with light pink manicured nails. The hands are positioned at the corners of a square, with the index and thumb fingers of each hand touching to form the sides of the square. The background is white. In the center of the square, the text 'jobict.it' is displayed in a blue sans-serif font, with a small orange square dotting the period.

Why “Home”?

**Because job matching is
based on e-CF's "bricks".**

3 objectives

Offering an innovative job matching tool in Italy

Improving the definition of professional profiles and competences

Creating cutting edge CV and finding the right candidates for your business.
